SETTING UP YOUR SIMPLY MUSIC ONLINE STUDENT ACCOUNT

Welcome! To get started with your Simply Music lessons, you'll need to create an online account. This gives you access to your Student Home Materials (SHMs) — our comprehensive support library that includes videos, audios, and PDFs. These materials are intended for use only in conjunction with instruction from a Licensed Simply Music Teacher.

Monthly Membership Fee

A \$4 monthly membership fee keeps your account active and provides access to your Student Home Materials (SHMs).

The fee is charged automatically each month to the card used during setup.

Step-by-Step: Creating Your Account

1. Start the Account Setup

1. Go to app.simplymusic.com
2. Enter the email address you wish to use
3. Choose **"As a Student/Parent"**
4. Fill out the form and click **Submit**
5. Check your email (from admin@simplymusic.com) and follow the link to verify your account and create a password

2. Link to Your Teacher

1. After setting your password, enter your teacher's email address to request to be linked
2. Once your teacher accepts your link request, you'll get an email confirmation and see a message in your account asking you to **"Complete Your Registration"**
3. Click this button and follow the prompts to set up your \$4 monthly payment (if applicable)

3. Set Up the Student Profile

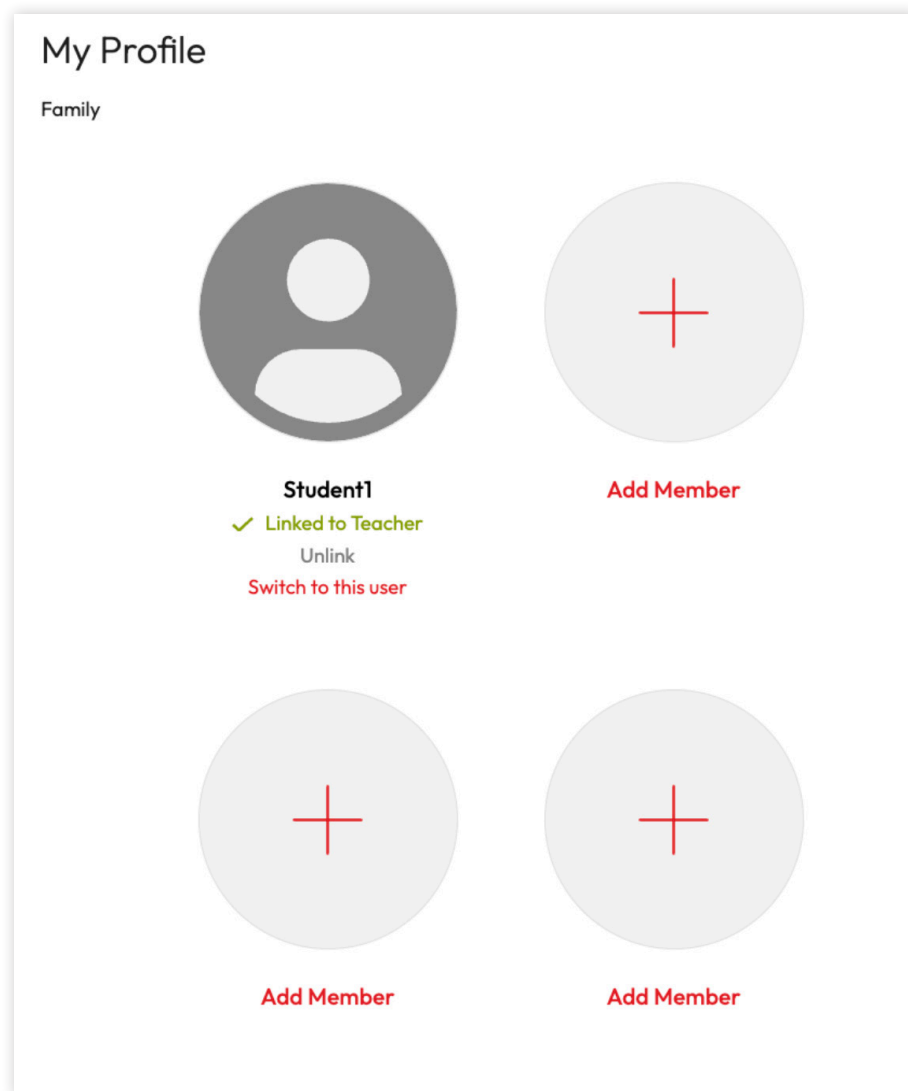

You'll now be on the Homepage for the **Account Manager** (usually a parent or adult student). **To complete the setup:**

1. Click your account icon in the top-right corner and choose **"My Account"**
2. Click **"Student Profiles"** from the left-hand menu
3. Click the **pencil icon** on the profile image to edit
4. Enter the **student's name** and complete any remaining fields
5. Click **Save**

For Families with More Than One Student in the Household

- You can upgrade to a **Family Account** during setup, allowing up to 4 Student Profiles (see screenshot below)
- All students will automatically be linked to the same teacher
- Each student will have their own profile and access to materials
 - **Important: Be sure each student selects their own profile whenever accessing materials**
- You need only acquire access to a curriculum component (program) once – it will then be accessible to all Student Profiles within the Family Account

Accessing Your Lesson Materials (SHMs)

- Your teacher will “unlock” Student Home Materials for you
- Once unlocked, the **Account Manager** (not the student) logs in, goes to the **Curriculum** page, selects the program, and follows the checkout process to complete access
- Once a program is acquired, it will be accessible in the **Student Profile**

Note: Students can only view materials — any purchases must be made from the **Account Manager** profile

Important Info About Profiles

- Your account includes two profiles:
 - **Account Manager** (for billing, setup, and purchases)
 - **Student Profile** (for access to SHMs)
- You’ll log in with one email address — the Account Manager’s email
 - Note: After your initial account setup, all future logins will automatically open in the Student Profile view
- Only the Account Manager can switch between profiles
- Whenever you switch to the Account Manager profile, a verification code will be emailed for security

Using the Materials

- Videos can be streamed only (not downloaded)
- Audio files may be streamed or downloaded
- PDFs can be viewed online or downloaded/printed
- If you need to have materials professionally printed, use the permission form found in Foundation Level 1 PDFs
